

## CV of Oliver JOHNER

Oliver Johner  
Consultant  
Masters in Geography, University of Berne  
Swiss, born in 1972

Oliver Johner has been working for BHP - Bruggen and Partners Ltd. since 2002. He focuses on topics such as corporate responsibility or resource management.

From February 2007 to July 2009, Oliver Johner was seconded to the United Nations Global Compact Office in New York. Oliver managed the "Communication on Progress" (requirement to annually report on progress in implementing the Global Compact principles), supported businesses in improving their reporting, and represented the Global Compact Office in projects on reporting on human rights, the environment, or anti-corruption.

From 1999 to 2001 Oliver worked as a consultant at CSC Switzerland AG in the business unit "Knowledge Management". His responsibilities comprised the development and implementation of IT-based solutions for large international companies. After his studies at the University of Berne, Oliver worked as a guest scientist in Germany in a project on "Geographical Information Systems and Floods".
